**Continuation Data:**

This application is a 371 of PCT/IB03167 filed on 7/31/2003. --

***Allowable Subject Matter***

Claims 1-5 are allowed. The following is an examiner's statement of reasons for allowance: In regards to Claim 1, the prior art does not directly disclose of a reconfigurable electronic device comprising a first data storage device being responsive to a control signal, a second data storage device being responsive to a further control signal, the second data storage device being coupled to the first data storage device for receiving a data copy from the first data storage device, a first address decoder coupled to the first data storage device for allowing a read access of the first data storage device and a second address decoder coupled to the second data storage device for allowing a read access of the second data storage device, characterized in that the first address decoder is arranged to allow a write access of the first data storage device, nor would it
